- We feed IAMS dog and cat food, though feel free to bring your own to keep your pets diet the same.
- We will administer any medication your veterinarian has prescribed.
- Large exercise pens.
- Grooming, baths, and nail trimming available by appointment.

“

Best place for grooming and the best kennel! The owner really takes great care of my best furry friend! Thank you Ramona.

— Mindy Webb

“

Our family has relied on Mossy Creek for our pets (both dogs and a cat) for more than a decade. Ramona takes special care of each animal and adjusts to their needs

each animal and adjusts to their needs.

Recently, I was surprised to learn that our cat is quite dexterous on the cat exercise equipment at Mossy Creek, which he never tries at home. The dogs are actually excited to arrive! This winter our golden retriever needed knee surgery shortly before a long scheduled trip. Ramona took over her care, had her stitches removed, and monitored every step of her healing. Our dog was actually ahead of schedule in recovery which I attribute to Ramona's loving and patient care. I cannot recommend this facility highly enough. Thank you Mossy Creek!
